

Cooperation in diversity

## Cooperation Ethics Code

Building a cooperative environment requires:

1. Cooperating with others and sharing with them what they need
2. Sharing others' successes
3. Fulfilling and making others fulfill their commitments on time
4. Being self-confident
5. Being predictable, reliable and secure
6. Respecting and demanding respect from others
7. Establishing complementarities
8. Managing the rules of diplomacy
9. Widening the shared vital space
10. Establishing strong functional and personal bonds
